## Fisler named Handicap Administrator

Sherry Fisler, a local golfer, has been hired as the Handicap Administrator for the Fairbanks Golf Association. In June she retired from 20+ years of teaching in the FNSB school district. She accepted the position in May, taking over for Lynne Goldbach who has been handling the GHIN system for Fairbanks golfers

ever since USGA went to local computer access.

All handicap issues regarding the GHIN computer system should now be directed to Sherry. She has posted her phone number on the monitors at each course in the event you have a question or problem.

Please let her know if you post an incorrect score so she can make the correction.

**Sherry Fisler**  
479-5246
